

Art/DT

Can you think of ten different ways you can reuse a plastic bottle? Make a list and then design and create one of them! (see resources for examples)

Choose an animal that lives in the ocean. Create a piece of art using symmetrical patterns (see resources)

Create some artwork to represent humans destroying and protecting the environment. See resources for an example

History

Although coal mining was not necessarily good for the environment, it was often used many years ago to create a living. Durham had many coal mines.

Watch this YouTube clip about a life of a miner.

<https://www.youtube.com/watch?v=oAc4EARIC2o>

Write a diary entry as a miner. Think about your feelings, jobs and why you needed coal at the time.

Music

Go outside and see what different sounds you can make.

What sounds is it making (e.g clack)

What is your loudest and quietest sound?

Can you create a pattern of sounds?

PHSE

You are an environmental superhero! You have one power to help one aspect of the environment!

Design your superhero costume and describe your powers! (see reso

PE

Take a walk, run or bike ride. Take some time to notice of the world around you and find as many different plants and beasts. You may want to use the scavenger hunt template to help you! (See resources)

Animals are so important in our world! Watch this YouTube clip and complete some animal exercises!

<https://www.youtube.com/watch?v=26guG6wr5so>

Geography

Do you think humans help the environment or damage it?

Make a table of positive and negative points. Then write a paragraph to explain your opinion and give reasons why.

<https://www.bbc.co.uk/bitesize/topics/zp22pv4/articles/z2md82p>

Create a poster about deforestation and why the rainforest/or forests are important to us and why we need to save them.

See links on PowerPoint (resources)

Activities WB 29.6.20/6.7.20

Our theme for the next fortnight is 'Our Wonderful World' but with a focus of helping our environment!

Work through this at your own pace.

Water Safety

Watch the video clips to learn about how to stay safe around water.

<https://www.redcross.org/get-help/how-to-prepare-for-emergencies/types-of-emergencies/water-safety/water-safety-for-kids.html>

Create a board game to show what you have learnt. E.G – You swam near a lifeguard. Move forward 3 spaces.

Science

When we think about helping the bees in our garden, we usually plant new flowers. Use the weblink to find out why they also need water. Create a bee bath to put in your garden.

<https://www.kitchencounterchronicle.com/make-a-bee-bath/>

Watch the video clip and use the Power Point in resources to learn about the journey of a plastic bottle. Create a cartoon strip to show this journey.

<https://www.youtube.com/watch?v=xQ3E5BxKmBs>

ICT

Create an online poster about plastic pollution and how we can stop it.

You may want to use word document, PowerPoint or Publisher.

<https://www.bbc.co.uk/newsround/42810179>
