

Art/DT

Create your own rangoli pattern
(see resources)

Create your very own flag for
India thinking about their culture
(see resources)

https://www.youtube.com/watch?v=eVCIAj8q_IY

Have a look at the paintings by Hokusai
and think about the questions (see
resources)

Have a go at creating your very own wave
image in the styles of Hokusai. Use what
you have available at home.

History

Read the PowerPoint all about Ibn
Battuta's journey around Asia.

I want you to imagine you are
travelling around Asia. What will
you see, hear, taste, and smell?

Write a postcard back to your family
about your experiences! Remember
to decorate the other side of the
post card!

Music

<https://www.youtube.com/watch?v=O3pdiuCh32E>

Watch the video and use the PDF
to answer questions about the
music. Create your very own piece
of music to compliment the dragon
dance video.

You can use any instruments
or surface such as a table,
pans, trays, toys, claps,
furniture or anything else you
can think of.

PHSE

We are all different and that's what makes us special! Look
at the PDF (see resources)

And think about what makes you special and an amazing
person! Use the sheet to help you!

ICT

Have a go at creating your own word document all
about Asia!

Activities WB 15.6.2020/ 22.6.2020

Our theme for the next fortnight is 'What a
wonderful world.'

We are focussing on the continent of Asia
and the amazing information we can
discover!

Work through it at your own pace.

Geography

<https://www.ducksters.com/geography/asia.php>

Choose a landmark in Asia and write five
facts! Use the power point in the resources.

Create a poster all about Asia! Use the four
sentence types in your poster!

<https://www.bbc.co.uk/bitesize/articles/z7b3trd>

Compare Russia and the UK. Draw a table
(see resources) and compare the two
places using what you have learnt from the
PowerPoint.

See resources for PowerPoint.

PE

Watch this video of a dance to
celebrate the festival of Diwali.

<https://www.bbc.co.uk/bitesize/clips/zjkvr82>

Can you try to copy the dance?

Science

In Japan they eat a lot of sushi, Sushi
mainly includes rice, fish and
vegetables.

How could we make sushi include a
variety of our food groups?

Design your very own sushi roll
thinking of the different food groups,
you can make is as weird and
wonderful as you like! Label the
ingredients and give reasons for why
you chose that ingredient. There are
some recipes for inspiration (see
resources)
