

## Religious Education

Year: Reception

Week Beginning: 13<sup>th</sup> July 2020

Our last RE topic for the school year looks at Our World and how Christians believe that life is God's gift. All that makes up life – people, the earth, places, things – are part of that gift. We appreciate and wonder at the understanding that all life is a gift.

This week I would like you to look at the picture of Azmera from Ethiopia collecting water with her mother (see resources.)

One of the wonderful things we praise God for is water. It is a precious gift from God and we need to use it well and not waste it.

Answer the following questions:

- Q What is Azmera doing?
- Q How is Azmera taking care of the world?
- Q How do we take care of the world?
- Q Why is water so precious?
- Q What can we do to help save water?

Look at the prayer (see resources) and say it together:

*Loving God, we praise and thank you for your wonderful world. Amen*

Now think about all the different ways we use water at home or school.

Write a prayer thanking God for the gift of water and illustrate it with the different ways we use water.

Don't forget to email me your prayers when you have finished – I can't wait to see them!
