

Art/DT

The Ancient Mayans used to create intricate artwork using natural paints and carving stone. Have a look at the examples in the Home Learning area and see if you can create your own version of Mayan-style art.

History

As we are looking at ancient civilizations, it is important to understand significant people from around the world. Have a look at the “top trumps” cards in the Home Learning area and the world map – can you find where the ancient civilisations would be on a modern map and when they existed?

If you would like to, you can also cut out the top trumps cards and play the game with people at home!

Music

Have a listen to the tribal music that I have put in the below link. When do you think this music might be used? What instruments do you think have been used to make this music?

Science

Science this week is focusing on air resistance. Objects fall because of gravity and as they fall air resistance slows them down. This is how parachutes work, they create enough air resistance to slow the fall. Air resistance is also important when looking at planes and trains as we don't want resistance to slow planes and trains down when they are travelling at speed.

Create your own parachute design to create air resistance. You could always make and test your parachute using a spare bag and a small object to weigh it down!

PSHE

There are some tribes that have never met or had contact with people outside of their tribe. Should we make an effort to make contact with these tribes? Can you write an argument for why we should contact them and why we should not?

There are a range of different activities for you to complete on this grid, linked to lots of different subjects that we do in class. Many of these tasks are linked to our new class focus, Ancient Maya and Rainforests

Please get in touch to ask me any questions and to show me your excellent work!

a.mcphail300@ourladyoflourdes.durham.sch.uk

Don't forget to use Reading Plus daily!

You can also use TTRockstars to help recap and learn multiplication facts

PE

Taking part in physical activity is vitally important to our physical and mental health, but it is important that we take part in physical activity safely.

Work through one of the activity videos, making sure to follow the instructions carefully to get the most you can from your workout!

French

I would like you to select the “animal” topic option and work through the activities and play the games to learn the French words for different animals.
