

## History

### L.O: To explain the purpose of the Ancient Egyptian Pyramids.

Use the video by Miss Brack and the help of Khufu the mummy to learn about the Pyramids (on teams).

You also may want to watch: the video clips (1-5): [Building the pyramids \(pt 1/5\) - KS2 History - BBC Bitesize](#)

Write a fact file about the pyramids.

## Science

### L.O: To identify and explain the parts and functions of a plant.

Watch the video : [Science KS1 / KS2: Parts of a plant - BBC Teach](#)

Create an information leaflet to label and explain the parts of a plant and their functions. (See resources)

## PSHE

### L.O: To know that we are all different, but we are all special.

Use the PowerPoint to help you think about how we can be similar but different to others. (See Resources)

Listen to the story 'Giraffes Can't Dance': [Giraffes Can't Dance - YouTube](#). Think about or discuss these questions with a family member.

1. How was the giraffe different to other animals?
2. How did the reactions of the other animals make him feel?
3. Does it matter that the giraffe dances in a different way?
4. What was it that made him happy in the end?

## Geography

### L.O: To write a fact file about the Megacity London.

More people now live in towns and cities rather than rural areas. Now some cities are so big, they are now called megacities!

London is a megacity! Use the weblink to learn lots of facts about London. Use the tabs down the site of the website to find out more information!

Create an information poster about London.

[Fascinating facts about london for Kids \(projectbritain.com\)](#)

## Music

### L.O: To explore some basic notation.

Use the link for Oak National Academy and watch the video, join in and have fun!

[Understanding basic notation \(thenational.academy\)](#)

Week Beginning 25.1.2021

Class 3

Miss Brack

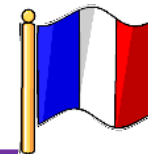

## French

### L.O: To identify hobbies in French.

Watch the online lesson: [EastDurham \(lingotot.co.uk\)](#)

Complete the activity in the resource section. (See resources)

## Design and Technology

### L.O: To explore ways to make a stable structure.

Watch the video clip and practise different strategies to strengthen or create a stable structure by just using paper!

[Top Builder: Paper Structures | Design Squad - YouTube](#)

## PE

### L.O: To practise footwork patterns.

Use the weblink to practise your skills:

[#ThisIsPE - Footwork patterns - YouTube](#)
