

	Activity Focus: Introducing 0 and Comparing numbers to 5 or 10.
Tuesday	<p>Warm up - Sing this song to count and work out: Count and Workout!</p> <p>This video focuses on 0. Video- Session 2</p> <p>Watch the video then draw a picture to represent the numbers to 5 (remember to write the numeral too). If you would like a trickier challenge than try numbers to 10.</p> <p>How will you represent 0?</p>
Wednesday	<p>Warm up - Sing this song to learn all about zero: Zero</p> <p>Numbers to 5.</p> <p>The animals play a game that involves keeping score with numbers up to 5. After you have watched the video it's your turn to have a go at the throwing game. Video- Session 3</p> <p>Task - You will need a target, such as a hoop or a cushion, and five objects to throw. How many land inside the hoop? How many land outside the hoop? Now record your score and then have another go!</p> <p>Did you score more or less this time?</p> <p>Challenge - Now try with 10 items!</p>

<p>Thursday</p>	<p>Warm up – Can you write the numbers from 0 to 10? For a trickier challenge you can try writing your numbers to 20. (Use the number formation resource to help)</p> <p>Work through the PPT about Zero the Hero (see resources).</p> <p>Look at the “Where is Zero?” mat and see how many times you can find zero. (See problem solving resource).</p>
<p>Friday</p>	<p>To recap the learning from this week I would like you to go on a number hunt around your house.</p> <p>How many 0s can you find? How many 1s?</p> <p>Can you find numbers up to 10?</p> <p>What is the highest number you can find?</p>

Don't forget to log on to Numbots every day! Who can collect the most coins?
Good luck everyone!
