

Our statement to live by for this week is:

I know that I belong in a  
community that includes my  
school.

Although many of us are working at home at the minute, it is important to remember that we are all still part of our school and class family.

Remember to check our Home Learning Gallery to find out what your friends are up to at home.

You could write a letter to a friend from our class. Send them to me when you are done and I can pass them on to your friend.
