

## Wednesday Maths Challenge

L.O: To use arrays

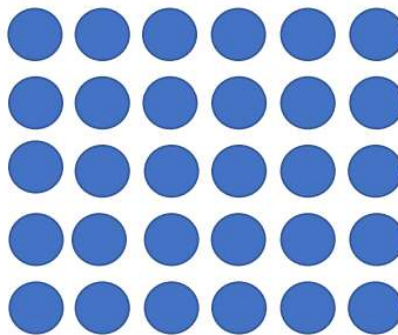

True or False?

All of the number sentences can be used to find the total of the array.

$$5 + 5 + 5 + 5 + 5 + 5$$

$$6 + 6 + 6 + 6 + 6$$

5 lots of 6

6 lots of 5

$$3 \times 5 + 3 \times 5$$

$$2 \times 5 + 2 \times 5 + 2 \times 5$$

Create a multiplication question. Can you create an array to show the answer? How many different ways can you draw it?
