15<sup>th</sup> February 2023

Dear Parent,

Please see the information below from the Bishop Chadwick Catholic Education Trust catering department:

*Our children's health matters to all of us and COVID-19 has highlighted even more the importance of robust health for a positive future. The research tells us that good nutrition will help our pupils to thrive, perform better in school and enjoy better health as they grow into adulthood.*

*We as a school have a responsibility to model best practice over food choice and healthy habits, making sure we support our families, up against a tide of unhealthy options. We want to ensure that all our pupils have healthy food options, and places where they can be active and play.*

*The link below will take you to a survey and this link will be sent to you via a text. We welcome all of your thoughts and ideas to make sure we enable the most supportive health environment for your children.*

*Thank you for your ongoing support.*
