

BRAMBLEDOWN

Dear Resident,

Improvements to Existing Car Park and Provision of New Overflow Car Park at Shotton Community Park, Station Road, Shotton Colliery

Following a grant application under Durham County Councils Improving Community Resilience Grant Scheme 2023-24, Shotton Parish Council has been successful in obtaining a grant of £150,00 towards a £215,000 scheme to extend and refurbish the car park at the Community Park at Station Road.

Brambledown Landscapes is the successful contractor for the works and will begin construction of the new overflow carpark, and refurbishment of the existing carpark on **Monday 22nd January 2024**. The works are anticipated to last for **8 weeks**.

A section of the carpark being closed for the duration of the works as shown edged red on the attached plan. Towards the end of the works, the full carpark will need to be closed but additional information will be provided nearer to the time as we plan to minimise where possible the impact on residents.

As part of the works, a section of footpath linking the carpark to the school will also be closed for safety reasons, but alternative paths will still be available for use.

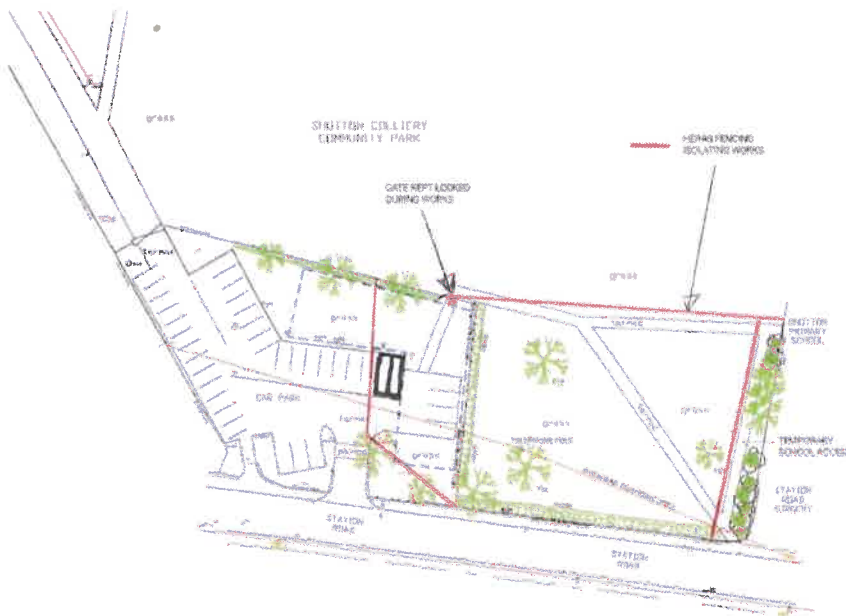

Work disruption and noise will be kept to a minimum at all times and general working hours will be **Monday – Friday 8am – 4pm**,

We apologise for any inconvenience and disruption caused while the works are ongoing however once completed the new and improved parking facilities should make a significant improvement to the existing traffic congestion at school times and busy weekends.

Contact details are as follows:

Brambledown Landscapes – 0191 3782288 or info@brambledown.com
